Reap the Benefits and Raise Georgia Roofing Standards

GARCA
GEORGIA ROOFING CONTRACTORS ASSOCIATION

The Georgia Roofing Contractors Association of Georgia (GARCA) is a non-profit trade organization representing the entire roofing supply chain, including contractors, suppliers, material and equipment manufacturers and service providers. Established in 1953, GARCA is dedicated to raising Georgia roofing industry standards through networking, education, and voluntary self-regulation, while increasing public confidence and building a solid foundation for the next generation of workers.

Membership in GARCA provides roofing contractors and associated roofing companies with the following valuable benefits:

- Access to 350 roofing contractors and associated roofing manufacturers/suppliers
- Bi-monthly networking events
- Annual 3-day convention that brings together members, top roofing experts, and national NRCA leaders
- Listing on GARCA's web site
- Access to a prominent construction law firm
- Use of the GARCA logo on business cards, websites, and prospecting materials
- Opportunities to work with area school systems to turn them into skilled trade pipelines
- Educational programs that include OSHA and job-site safety training
- Access to GARCA's Voluntary Licensing Program
- Annual College scholarships totaling over \$24,000 for qualified dependents of members.

"Getting to meet others in the roofing industry, learn from them and benefit from their knowledge and experiences, was invaluable to me. It was an excellent way to meet the people and businesses that I would be working with and forge strong relationships that would allow me and my company to be successful in the future."

Jonathan Glisson
Ben Hill Roofing
